Before the close of the fiscal year 1927-28 the amount of Active Assets as previously shown on our balance sheet was reduced by sixteen million dollars (\$16,000,000) on account of the following services:—

Chapter 68 of the Statutes of 1927 amended the Soldier Settlement Act of 1919, and provided for the revaluation of loans to Soldier Settlers for the purchase of lands. The Soldier Settlement Board estimated that altogether \$8,000,000 should be written off on account of this revaluation. It was also estimated that losses on the re-sale of stock and equipment, as well as of farms which have reverted to the Board, would be entailed to the extent of approximately \$6,000,000.

As early as 1876, the Dominion Government through the Department of the Interior commenced making advances for Seed Grain and Relief to needy settlers of the West. A considerable amount of these advances has been outstanding for many years. Many of these accounts to an estimated amount of \$2,000,000 are of doubtful value as an asset.

FUNDED DEBT

The surplus of \$67,019,809.26 of revenues over all expenditures for the year enabled the Department to provide for the retirement of \$61,759,650.00 of outstanding Bonded Debt in the hands of the public, involving the following transactions:—

The 5 Year 5½% bonds of the 1922 Renewal Loan amounting to \$29,068,400, and the 3 Year 4% Treasury Notes issued in 1924 amounting to \$8,000,000 matured in November 1927, and were redeemed.

The 10 Year 5½% bonds of the 1917 Victory Loan amounting to \$63,437,250, matured on December 1, 1927.
